G43-ITX

ZOTAC
It's Time to Play.

SKU: G43ITX-A-E

Experience high-performance and rock solid stability in a small form factor with the ZOTAC G43-ITX platform powered by the Intel® G43 Express chipset. The ZOTAC G43-ITX platform is designed to accept high-performance Intel® Core™ 2, Celeron® and Pentium® processors while occupying a miniscule amount of space thanks to the mini-ITX form factor.

Just because the ZOTAC G43-ITX is a mini-ITX platform doesn't mean it has limited expansion. Packing one eSATA 3.0 Gb/s and five SATA 3.0 Gb/s ports, full-speed PCI Express x16 and mini PCI Express slots, and Gigabit LAN, the ZOTAC G43-ITX is proof you can have big system performance and expansion in a mini-ITX form factor.
