

## Acer ezDock II

# Desktop convenience – Notebook versatility

The Acer ezDock II is the most cost-effective way to add desktop-level expandability to your corporation's Acer TravelMate notebook assets. Designed for maximum compatibility and reliability, Acer ezDock II simplifies your IT infrastructure, lowers equipment expenses, and offers optimum flexibility for modern and legacy connections, helping you to realize your long-term IT goals.

### Instant expansion, long-term value

- Maximizes return-on-investment: Acer ezDock II's clever one-size-fits-all design permits it to support all TravelMate sizes and models.
- Protects high-tech investments: Acer ezDock II includes a selection of both the latest and legacy interfaces.
- Gives maximum functionality: Allows the six USB 2.0 and two IEEE 1394 ports on the dock to be used at the same time as those on the notebook.

### High-efficiency usability

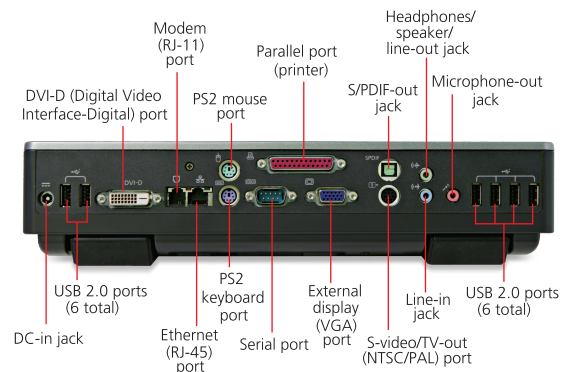

- Saves time and increases efficiency: Acer ezDock II is an innovative solution that connects instantly to multiple devices in one simple operation.
- Offers plug-n-play productivity: Devices can be added and removed from Acer ezDock II without having to reboot the notebook.
- Keeps cables and devices neat and tangle-free: Acer ezDock II routes cables correctly and securely at the workstation to increase desk real estate and enhance safety.
- Grants maximum support and expansion: Acer ezDock II features 22 jacks, ports and slots with a wide range of interface types including networking, audio, video and data for best-of-class versatility.

### Durability and dependability

- Maximizes reliability: Acer ezDock II is tested to meet the same high-quality reliability standards as expected from TravelMate notebooks.
- Prolongs equipment lifecycles: Acer ezDock II greatly reduces the need to frequently plug and unplug devices, minimizing wear and tear on ports and jacks, and lowering the risk of accidental damage.
- Guards against power fluctuations: Integrated surge protection promises added safety and the energy-efficient 135 WAC adapter is compatible with the full range of TravelMate notebooks and accessories.
- Protects high-value assets: Featuring a Kensington lock slot with integrated anti-eject mechanism, Acer ezDock II secures both the dock and connected notebook, all with just a single lock.

Acer ezDock II's intelligent design fits different form factors of TravelMate notebooks.

### About Acer

Acer ranks as the world's No. 4 branded PC vendor, designing easy, dependable IT solutions that empower people to reach their goals and enhance their life. Since spinning-off its manufacturing operation, Acer has focused on globally marketing its brand-name products: mobile and desktop PCs, servers and storage, LCD monitors and high-definition TVs, peripherals, and e-business solutions for business, government, education, and home users. Acer's unique Channel Business Model has been instrumental in the company's latest success. The model encourages partners and suppliers to collaborate in a winning formula of supply-chain management, allowing Acer to provide customers with fresh technologies, competitive pricing, and quality service. Established in 1976, Acer Inc. employs 5,600 people supporting dealers and distributors in more than 100 countries. Revenues in 2005 reached US\$9.7 billion.
