

HP Pavilion Slimline s5310sc-m Desktop PC

Windows®. Life without Walls™. HP recommends Windows 7.

- **Full PC performance in less than half the size**
The HP Slimline s5300 provides all the performance and functionality of a traditional tower PC but in less than half the size. At just 30 cm high and 11 cm wide, this new form factor is sure to find its place in the smallest of spaces.
- **Looks great on your desk, not under it!**
Sophisticated surface gives this space-efficient PC a stylish premium look and feel that you will want to show off in your home.
- **Clutter-free**
With one power cord, internal antennas for 802.11 WiFi and Bluetooth®, optional wireless mouse and keyboard eliminate cable mess. Add peripherals, like the HP Pocket Media Drive, without adding clutter.
- **Environmentally friendly**
Thanks to its small size, the s5300 features less raw material and consumes less power than a standard desktop tower.

The HP Pavilion Slimline s5300 Desktop PC is a great general purpose PC for those wanting performance in a small stylish package.
