

Product Specification Sheet

USB Bluetooth® 2.0 Adapter, 100M

Part #: ACB20EU

Product Description:

The Targus Ultra Mini Bluetooth® 2.0 Adapter provides Bluetooth compatibility to your existing USB desktop environment, or Laptop, enabling you to work with all devices enabled with Bluetooth technology. Supporting the latest Version 2.0 specification, it offers transfer rates up to 3 times faster than its predecessor. This allows you to transfer files and data between devices, synchronize contacts and calendar information with your PDA and Smart phone, wirelessly print and even connect to the internet or a network via your mobile phone quicker than before. Capable of operating within a range of up to 100m, you can now connect to multiple Bluetooth enabled devices, such as a keyboard, mouse and printer to create a truly wire-free environment.

Product Features and Specifications:

- Connect up to 7 Bluetooth devices to your notebook: USB adapter brings Bluetooth capability to your desktop PC or notebook
- Synchronise PDAs and Smart phones: Easily transfer and synchronise data between devices
- Enhanced Data Rate (EDR): Provides up to 3x faster data transfer than Bluetooth version 1 adapters
- Secure Easy Access: Easily and safely transfer and synchronise data between devices with in built 128-bit encryption and authentication.
- True Mobility: Ultra small design fully integrates into your notebook, no need to remove adapter. Instantly use your Bluetooth mouse on your notebook without unplugging the USB adapter.
