

TARGUS COMPACT LAPTOP CHARGER

The Targus Compact Laptop charger is a powerful secondary / replacement charging solution, ideal for users based in multi-locations looking to carry less while doing more.

Boasting an attractive, slim lightweight design its ideal for use at home or in the office. Utilizing an interchangeable tip & voltage card system, this multi-brand adapter is designed to power and charge numerous laptops including the latest models from Acer, HP, Compaq, Dell, Lenovo, Sony, Toshiba, Samsung and Fujitsu.

The integrated USB power port enables the simultaneous charging of a USB powered digital device, such as a mobile phone or MP3 player (via original USB cable and connector – not provided) thereby eliminating the need to carry extra bulky chargers.

Peace of mind and exceptional performance is assured as the adapter offers over voltage, over current and short circuit protection

Part #: APA40EU-51
