ZeTime

“ THE FIRST SMARTWATCH WITH NO COMPROMISES ”

ZeTime: the world's first hybrid smartwatch combining mechanical hands with a full round color touchscreen. Using groundbreaking technology to mount watch hands through the center of the high-resolution TFT color display, ZeTime blends the classic design of a **Swiss** traditional timepiece with the most advanced features of a smartwatch.

SMART MOVEMENT

With its proprietary **smart movement technology**, the CPU of ZeTime controls the mechanical hands. Both hands possess their own motor, which allow them to move separately to maximize the visibility on the screen. When you receive a smart notification, the **CPU** detects the information that is displayed on the screen and if necessary moves the hands horizontally, so you can see the text clearly.

PROPRIETARY INTELLIGENT HANDS

ON

OFF

ALWAYS-ON

Combining the best of traditional watchmaking and the full features of a smartwatch, ZeTime was designed with the intention of being worn all day and every day. Thanks to its mechanical hands, powered by the Smart movement technology, ZeTime will automatically update the time, according to your location and will work up to 30 days on a single charge. So you won't need to charge it everyday!

MECHANICAL
HANDS

LONG BATTERY LIFE
UP TO 30 DAYS

AUTO SYNC
TIME/DATE

KEEP ON MOVING

Equipped with a 3-axis accelerometer and an optical heart rate sensor, ZeTime tracks your daily activity, your sleep pattern and measures your heart rate throughout the day, allowing you to keep an eye on your performance. With its inactivity alert, ZeTime will detect if you have been inactive for too long and will encourage you to move with a gentle reminder.

HEART RATE

Measure your heart rate

STEPS

Count your daily steps

CALORIES

Calculate calories burned

DISTANCE

Measure distance traveled

SLEEP

Track sleep time & quality

GOALS

Set up your daily goals

NEVER MISS A THING

ZeTime displays all your smart notifications on its high-resolution colour touchscreen, such as incoming call, emails, texts, social media and calendar event. With just a quick glance, you can keep up-to-date with all the information that matters to you.

CALLER ID

Displays caller number and/or name

CALENDAR EVENTS

See events from all your calendars

DAILY REMINDERS

Schedule vibrating alarms

SMARTPHONE NOTIFICATIONS

Get notifications of SMS, emails, calendar events and social media

STAY CONNECTED

ZeTime can be used as a remote device, allowing you to take pictures, play, pause, and skip tracks directly from your wrist. ZeTime has also a "find my phone feature" which makes the phone vibrate or ring to find it easily.

WEATHER FORECAST

Check the weather of your desired location

MUSIC CONTROL

Control songs from your smartphone remotely

CAMERA REMOTE

Control your smartphone camera remotely

FIND MY PHONE

Make your phone ring to easily find it

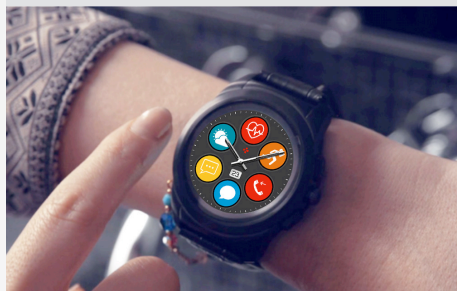

ANTI-LOST ALERT

Alerts when your phone is out of Bluetooth operating range
