

## SIZE MATTERS

External mobile storage redefined: the Mobile Drive XXS hard drive is enclosed in a unique rubberized skin, making it the smallest and lightest 2.5" external drive in the world. Enjoy the ultimate compact storage solution. At Freecom we design products for your needs.

# MOBILE DRIVE **XXS** USB STORAGE

## Freecom Mobile Drive XXS

- The world's smallest 2.5" external hard drive
- Compact size, fits easily into your pocket
- 27% smaller in volume than the closest competitor
- Designed with unique form-fitting injection moulded rubber for optimal grip
- Including compact sized USB Cable, no "cable mess" anymore inside your bag!
- Buspowered, no need to carry a bulky AC adapter
- Excellent value for money
- No cooling fan, ensures quiet operation
- The perfect storage extension for your notebook or desktop computer
- Perfectly suited for making easy „drag & drop“ backups of your important files
- High quality and sleek design, only 109.8 x 79.5 x 13.5 mm
- Weighs not much more than a mobile phone
- One year manufacturer's warranty and unlimited free helpdesk support

## Designed for:

- *Data storage*; save all your data, digital photos, videos, MP3s, business information on the Mobile Drive XXS
- *Portability*; take your Mobile Drive XXS with you and show pictures and videos to your friends or work on your files on the road - your Mobile Drive XXS goes where you go !
- *File sharing*; share all your important data between computers and networks, friends and colleagues
- *Backup*; protect all your valuable data against calamity, human errors and viruses
- *Archiving*; archive all your data and lock up the drive for extra data security
- *Installations*; install software using the Mobile Drive XXS on multiple PCs

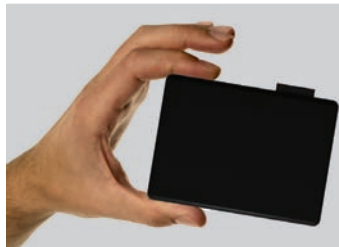

## Compact storage on the go!

Whether you are a professional or a home user, these days being able to carry your valuable data with you is essential. The new Mobile Drive XXS is your perfect companion: ultra compact and extremely easy to use - this USB 2.0 powered portable hard drive makes transporting and sharing data easier than ever. Simply plug the Mobile Drive XXS, with its conveniently small USB cable, into any computer's USB port and take your spreadsheets, documents, movies, photos or music anywhere you go.

The Freecom Mobile Drive XXS is the latest development in Freecom's ongoing pursuit of making storage more accessible, useable and convenient. The 'enclosure' is made out of rubber which will give you grip when holding the drive in your hand. It also comes with a compact sized USB Cable – all you need to connect and use the Mobile Drive XXS on your notebook or PC. Gone are the days where multiple connection cables create a mess when stuffed inside your notebook bag. The Mobile Drive XXS is USB bus powered, no additional, long cables or power adapters are needed to use the drive.

The Mobile Drive XXS, the world's smallest 2.5" hard drive, is a no-nonsense mobile hard drive, which has all you need for easy and reliable expansion of your storage needs. At Freecom we design products for your needs. Free your mind!
