ONLINE STORAGE

BACKUP

Simple, Compact Storage

The efficient LaCie Hard Disk Quadra, Design by Neil Poulton is extremely easy for anyone to use. Compact, but with colossal capacity, this lightweight storage solution takes up little room and can move around easily. Setup is nearly effortless; it's plug & play and offers automatic formatting with LaCie Setup Assistant with customizable features. Moreover, LaCie Backup Assistant software for PC and Mac® users is included for saving files in one click.

Unique Design

Created exclusively for LaCie by world-famous designer Neil Poulton, the LaCie Hard Disk Quadra's one-of-a-kind, subtle all-black design blends perfectly into dark workstations and home entertainment setups. Adding sophisticated style to your desktop, it has a fashionable, mirror-polished finish and a unique distinguishing feature — a cool, blue LED strip on its underside that creates an ambient glow.

Quadruple Interface

With USB 2.0, eSATA 3Gb/s, and FireWire 400 and 800, the LaCie Hard Disk Quadra, Design by Neil Poulton is designed to connect to any PC or Mac. The widely used interface USB 2.0 offers cross-platform convenience and hot-pluggable connection. For speed-demanding professional applications, eSATA offers an impressively fast transfer rate of up to 80MB/s***. There are two FireWire ports so you can connect it to your computer and to another device like a second external drive, camcorder, or camera.

Multiple Uses

This user-friendly hard disk is a great storage tool for laptops, workstations or both. Even use it as a reliable data shuttle across platforms. Easily share and exchange your files with friends and family. Regularly back up your entire system or upgrade capacity when your computer's hard drive is full. Thanks to its enormous storage capacity, you can conveniently save all of your digital photos, music files and videos in one central location for safekeeping.
