iomega® eGo™ Portable Hard Drives USB 2.0

Take files anywhere, in style!

Take files anywhere, in style with the new **iomega eGo Portable Hard Drive, Compact Edition**. In a sleek enclosure with a suite of back-up and anti-virus software to protect your data and computer, the eGo drive is the perfect companion to your laptop or netbook computer. Plus, the iomega Drop Guard™ feature helps protect the drive when dropped up to 51" so you can be confident your portable drive is rugged. Available in 3 colors (Ruby Red, Midnight Blue, and Silver) and up to 1TB capacity, the eGo drive is protected by a 3-year limited warranty when you register your product!

Kick your digital storage up a notch with the compact ultra-rugged **iomega eGo BlackBelt Portable Hard Drive!** Available in stylish black with black iomega Power Grip band and 500GB* of capacity, you'll have lots of room for all your photos, music, and important files.

The new ultra-secure **iomega eGo Encrypt Plus Portable Hard Drive** offers 256-bit hardware encryption! This is the most secure portable storage solution for business professionals who need ultra-secure, high capacity storage for their files plus the benefits of hardware versus software encryption for better security and performance. Secure and rugged, your business data is double-protected with the iomega eGo Encrypt Plus Portable Hard Drive (PC only)! With hardware-based encryption, your data is protected from unauthorized access. The administrator and user level passwords make this drive perfect for storing critical business data. Encryption software is pre-loaded and a management utility is included for ease-of-use. The drive is automatically locked when the USB cable is unplugged. This drive requires no external power supply and is available in 500GB capacity in silver with a translucent iomega Power Grip band.

The iomega Drop Guard Xtreme feature raises the bar on drop protection!

When you purchase an iomega eGo Portable Hard Drive that includes the iomega Power Grip band, the Drop Guard Xtreme feature helps protect your drive from drops up to 84" (seven feet!) This higher level of drop protection is over twice the industry average and means your drive is ultra-rugged. This Drop Guard Xtreme feature is available on eGo BlackBelt and eGo Encrypt Plus Portable Hard Drives only.

iomega® Prestige™ Portable Hard Drives, Compact Edition

Cost effective, easy-to-use portable storage!

The new super compact **iomega Prestige Portable Hard Drive, Compact Edition USB 2.0** requires no external power supply — just plug it in and go. And with the Drop Shock™ feature, the Prestige Portable Hard Drive is rugged and flexible enough to safely store large amounts of data. Backup your data and protect your computer from viruses with the included iomega Protection Suite software (software via easy download). This is a great travel companion that lets you take your files, photos and music anywhere. Available in up to 1TB capacity.
