

LinkStation™ Pro Quad

Network Storage

BUFFALO™

LS-QVL

Buffalo's LinkStation™ Pro Quad is the ideal solution to keep important files safe! Stream your favourite music and videos directly from the LinkStation™ Pro Quad to a computer or Logitech Squeezebox, PS3®, Xbox 360® or network attached DLNA or UPnP media player or Buffalo™ LinkTheater.

With ultra fast data transfer speeds, the LinkStation™ Pro Quad is a high performance drive that can be configured in RAID 0 for performance or RAID 5 for redundant storage if a hard drive fails, your data is safe. Easy to install, the LinkStation™ Pro Quad lets you store and share your music, photos, and videos in your home or small office.

Access and share your multimedia collection from anywhere at any time using Buffalo's WebAccess, the feature that allows users to easily stream digital content stored on any Buffalo™ network storage solution from anywhere in the world via a Web browser, or using the newly announced free WebAccess app, via an iPhone®, iPad®, iPod touch® or Android SmartPhone.

Store, share and save with the Buffalo™ LinkStation™ Pro Quad.
