

Your corporate workspace on the go.

Kingston's DataTraveler® Workspace is certified by Microsoft® for use with Windows® To Go, a key feature of Windows 8 Enterprise! Windows To Go is a fully manageable corporate Windows 8 workspace on a specially configured, bootable USB drive. It allows IT administrators to easily support such work styles as "bring your own PC", mobile workforce and the needs of contingency staff, who need access to the corporate environment without security compromises.

This USB 3.0 drive incorporates SSD controller technology to produce a high-performance, low-latency drive. It's factory configured as a fixed drive so it boots through USB 3.0 or USB 2.0 ports on any hardware that has been certified for use with either Windows 7 or Windows 8 operating systems.

DataTraveler Workspace is backed by a two-year warranty, free technical support and the legendary reliability that makes Kingston® the world's independent memory leader.

- > Windows To Go certified
- > SSD technology in a USB 3.0 drive
- > Bootable; factory configured as a fixed drive

DataTraveler Workspace

Perfect for:

- Mobile workforce
- Contingent staff
- Bring your own PC

DataTraveler Workspace

FEATURES/BENEFITS

- > **Certified for Windows To Go** — administrators can easily deploy a fully bootable corporate workspace on a specially configured, portable USB drive
- > **USB 3.0 SSD** — capitalises on USB 3.0 specifications by incorporating SSD controller technology in order to achieve high random read/write performance and low latencies
- > **Fixed drive** — not designed for data storage
- > **Easy to use** — enables users to boot and operate from multiple PCs
- > **Secure** — supports BitLocker for data encryption and Trusted Boot for protecting boot process and anti-malware software
- > **Resilient** — to accidental removal so the workspace can resume if the drive is plugged back in within 60 seconds
- > **Compatible** — with PCs certified for use with Windows 7 or Windows 8 operating systems
- > **Backwards compatible** — with USB 2.0 to fit more systems while optimising performance
- > **Guaranteed** — two-year warranty meets lifetime expectations in typical workloads; free technical support
- > **Reliable** — 25 years of experience makes Kingston the most trusted name in memory with high-quality components and rigorous testing procedures

SPECIFICATIONS

- > **Capacities**² 32GB, 64GB, 128GB* (*build to order)
- > **Speed**³
 - Max Sequential Read/Write speed: 250/250MB/s
 - Sustained Random 4k Read/Write: 3,750/9,800 IOPS
 - PCMARK® Vantage HHD Suite score: 22,250
- > **Supports TRIM and SMART commands**
- > **Dimensions** 75.29 x 22.98 x 16.44mm
- > **Operating temperature** 32°F to 140°F (0°C to 60°C)
- > **Storage temperature** -4°F to 185°F (-20°C to 85°C)

DTWS/128GBBK	DTWS/128GB

¹ Windows 8 Enterprise is required but is not pre-loaded on these drives.

² Some of the listed capacity on a Flash storage device is used for formatting and other functions and is thus not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products. For more information, go to Kingston's Flash Memory Guide at kingston.com/flashguide.

³ Based on "out-of-box performance". Speed may vary due to host hardware, software and usage.
