

## Upgrade simply and securely to Wireless-N

- Wireless-N router with USB adapter delivers superior performance and range
- NETGEAR Live Parental Controls keeps your Internet experience safe
- Push 'N' Connect securely connects devices at the touch of a button
- Compatible with NETGEAR and other Wireless-G and Wireless-N devices
- Automatic Quality of Service (QoS) for reliable Internet, video, voice, and gaming

### Features

- Live Parental Controls, powered by OpenDNS™
  - Blocks unsafe Internet content and applications
  - Customize settings through Web browser, accessible remotely
  - Protects connected devices through the router such as PCs, gaming consoles, and iPod touch®
  - And it's FREE! See CD inside for installation
  - To learn more visit [www.netgear.com/lpc](http://www.netgear.com/lpc)
- Smart Wizard® installation CD and multi-language support make setup easy
- Push 'N' Connect using Wi-Fi Protected Setup™ (WPS) allows you to add computers to the network quickly and securely<sup>1</sup>

#### STEP 1

Follow steps of the NETGEAR Smart Wizard wireless connection utility

#### STEP 2

Push the Push 'N' Connect button on your router

#### STEP 3

Connect securely

- Configurable as a wireless repeater for extending dual band range

### NETGEAR Green

- Convenient power and WiFi on/off switches conserve energy
- Packaging manufactured with at least 80% recycled materials

### The NETGEAR Difference

- ✓ WNR2000
- ✓ Live Parental Controls
- ✓ Push 'N' Connect
- ✓ Advanced Quality of Service
- ✓ Energy Saving Features
- ✓ Wireless Repeater Mode

<sup>1</sup> Works with clients supporting Wi-Fi Protected Setup™ (WPS)

<sup>†</sup> Maximum wireless signal rate derived from IEEE standard 802.11 specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. NETGEAR makes no express or implied representations or warranties about this product's compatibility with any future standards. "N", "Wireless-N" and "802.11n" refer to compliance with IEEE 802.11n specification version 2.0 only.
