EPLAN

Entry-Level	Performance	High-End
Quadro K420	Quadro K620	

Entry-Level:
occasional use of application
small objects and assemblies
about 10% of the users

Performance:
regular use of application
average to large objects and assemblies
using all application features
about 80% of the users

High-End:
pushing the application to its limits
extremely large objects and assemblies
using all application features
about 10% of the users
