

Logitech®

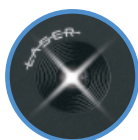

MX™ 610 Left-hand Laser Cordless Mouse

Logitech® MX™ 610 Left-Hand Laser Cordless Mouse redefines performance with ultra-precise laser tracking on more surfaces and interference-free 2.4 GHz digital cordless technology. As the world's first smart mouse, it extends battery life by turning on and off with your computer, in sync with your PC, detects and eliminates wireless interference and alerts you when the batteries are low. Easy to configure, email and IM buttons light up when you receive new messages from selected friends and associates. Volume controls add convenience, forward/back buttons allow speed browsing on web sites and documents and the tilt wheel plus zoom is perfect for viewing digital photos and spreadsheets.

Benefits

- Cordless laser mouse with email, IM notification buttons and micro-receiver
- 2.4 GHz digital cordless technology delivers a level of reliability that conventional 27 MHz wireless can't match
- Micro-receiver plugs directly into a USB port, eliminating clutter
- Advanced laser tracking to work flawlessly on surfaces where optical mice can't go*
- Automatic power management turns mouse on/off in sync with your PC, alerts you when batteries are low
- Tilt wheel plus zoom to scroll horizontally/vertically and zoom in/out
- Programmable forward/back buttons to quickly browse web sites and large documents
- USB / PS/2 connection for Windows® 98, 2000, Me or XP
- Five-year guarantee
- Full product support

Advanced laser tracking*
*The laser sensor does not work on mirrors or glass.

2.4 GHz digital cordless technology offers 5 times stronger connections than 27 MHz

Side-to-side scrolling + zoom

Forward, back and volume controls

Email and IM notification buttons (easy to switch on or off and configure)
