RX1000 Laser Mouse

The short-cut to efficiency

Created for users that want a mouse with outstanding performance and design, the RX1000 Laser Mouse is the shortcut to efficiency. The high performance Laser optical engine delivers 20x greater tracking power on most surfaces, essential in intensive applications that require precision work. Amazing performance on more surfaces – Laser optical technology tracks flawlessly on the high-gloss surfaces that LED-based mice simply can't negotiate. Logitech's exclusive One-Touch™ Search gets immediate web search results, directly from everyday Microsoft(r) Office applications. Tilt Wheel Plus Zoom™ navigation helps users work more efficiently in large spreadsheets and other documents.

- 20X more tracking power due to its High Performance Laser engine
- Responds to the slightest hand movement with extraordinary accuracy
- Amazing performance on more surfaces – tracks flawlessly on the high-gloss surfaces that LED-based mice can't negotiate
- Click on One-Touch™ Search to get immediate web search results, directly from everyday Microsoft Office applications
- Scroll horizontally or vertically, zoom in and out, with Logitech's Tilt Wheel plus Zoom technology
- 1000 dpi resolution boosts already exceptional performance
