

Logitech®

Tablet Keyboard For iPad®

Write away !

- Keeps a low profile

Lightweight. Versatile. Easy-going. This keyboard-and-stand combo is designed to travel easily, set up quickly and add a touch of convenience to all the places you use your iPad.

- Does double duty

On the go, the carrying case helps protect your keyboard. And once you arrive, it converts into a sturdy stand for your iPad that's adjustable to just the right angle.

- Speaks Apple

The keyboard pairs easily with iPad (and even iPhone or iPod touch) over Bluetooth® wireless. Use it on your desk, lap or anywhere within 10 metres (30 feet) of your iOS device.¹

¹Actual wireless range will vary with use, settings and environmental conditions.
