

# Logitech® QuickCam® Sphere™ AF

## Ultimate video-calling freedom

High-performance webcam with motorised tracking and autofocus

- Motorised tracking automatically follows your every move and keeps you in the picture.
- Carl Zeiss® optics with autofocus for razor-sharp images, even in close-ups
- True-to-life images thanks to HD quality and 8-megapixel photos (interpolated)
- RightLight™ 2 produces the best possible image, even in dim or back lighting
- Clear, echo-free audio with the high-quality microphone and RightSound™ technology
- Fun conversations with Logitech Video Effects
- Windows Vista™, Windows® XP
- Documentation in English
- 2-year guarantee
- Full product support

Move freely. Logitech® QuickCam® Sphere™ AF uses a motorised lens and intelligent face tracking to follow your every move. Capture images up to 8 megapixels (interpolated) and HD-quality video with amazing clarity from Carl Zeiss® optics. The autofocus lens system keeps even close-up images razor sharp, while RightLight™ 2 technology ensures great looking images – even in poor lighting. RightSound™ technology makes conversations crystal-clear. Spice up your video calls with Logitech Video Effects Fun Filters, avatars and face accessories. The webcam can either sit in its desktop cradle or be used with the 22 cm (9-inch) stand for more natural, eye-to-eye video calls.

# Logitech® QuickCam® Sphere™ AF
