
EPSON PERFECTION V30

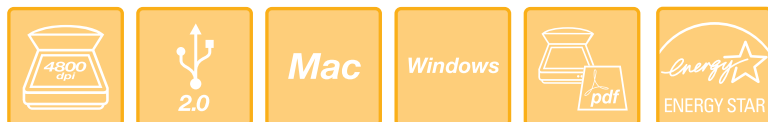

EPSON PERFECTION V30

The slim-line Epson Perfection V30 can restore your photos while it scans, so if you're new to home scanning prepare to be impressed by how easy it is, and how great your scans will look.

The Epson Perfection V30 has an optical resolution of 4800 dpi, which makes it the perfect introduction to high performance scanning. It's very compact, and captures every detail of your photos and documents at the push of a button. And with Epson ReadyScan technology you use less energy while you scan.

Epson Easy Photo Fix™ restores colour in faded photos, removes dust and corrects backlighting, so if you're putting your old prints onto your computer, your archives will be better than your originals. And the specially designed lid opens extra wide for two-way scanning – perfect for scanning thicker documents, books and magazines.

- High-quality flexible home scanning
- Bring memories back to life with Epson Easy Photo Fix™
- Great quality scanning with 4800 dpi optical resolution
- Save energy and scan instantly with Epson ReadyScan LED technology
- Slim-line design with two-way scanning – portrait and landscape
- Scan to multi-page searchable PDF at the touch of a button
- Four short-cut buttons make scanning quick and easy
