studio™ ULTIMATE version 12

Your life in movies.
Mastered.

Pinnacle Studio™ Ultimate version 12 lets you take advantage of the latest HD video technologies, including Blu-ray and AVCHD. All new Pinnacle Montage theme based editing designed by professional producers and artists puts incredible creative power at your fingertips. Simply drag and drop your video and stills to preview your show – and watch your content come alive complete with Hollywood style multi-layered effects, animated graphics, titles and Hi-Fi audio. Edit and polish to your heart's content with the sleek new interface. When you are finished, archive your video memories, publish them on YouTube or enjoy on DVDs and portable devices. Includes professional tools for titling, color correction, lighting and special effects, plus a green screen backdrop.

Key Features

- **It's all in the Timeline.**
  With its sleek, scalable interface, Pinnacle Studio Ultimate Version 12 represents a stunning leap forward in workflow refinement and ease of use. Directly import your digital videos, photos and audio from a wide range of devices including DV, HDV and AVCHD camcorders, and digital still cameras. Automatic scene detection and clip creation gets your project off to a great start. You'll be editing your movie, fast!
- **Optimized for performance**
  Unleash the power of your computer. This means a faster, smoother experience while you work and in your final output.
- **Real-time multi-track editing**
  Create advanced effects like Chroma Key, graphics overlay and Picture-in-Picture (PIP).
- **Key frame-able 2D/3D motion graphics**
  Pick from hundreds of effects and transitions, and preview them in full quality, even in HD. If you ever need even more creative variety, add to your effects library with just a few simple clicks.
- **Scorefitter® music generator**
  Automatically generate a rich soundtrack to match the length of your movie; now with 40+ source tracks that feature more choice, higher fidelity and increased accuracy.
- **Clean up and rejuvenate**
  Improve audio tracks, clean up video, enhance color, remove noise, and fix poor lighting to restore old, damaged footage – automatically.

- **Built-in HD Disc Burning**
  Burn DVD, HD DVD and AVCHD format discs on standard DVD media. Natively author Blu-ray format discs with full motion menus.
- **Windows Vista™ Certified**
  Fine-tuned for smooth integration with Windows Vista.
- **NEW! Web publishing simplified**
  What fun is capturing your memories if you don't share them? In just One-Click share your movies with the world on popular web sites like YouTube and Yahoo! Video
- **NEW! Refined audio editing**
  New digital controls and monitors to add a dimension in sound to your movie
- **NEW! Even more ways to share**
  Output movies to Sony® PSP™, Apple®iPod®, DivX® certified players and even 3GP mobile phones. Export to Flash video too.
- **Scalable user interface**
  Keeps tools at your fingertips. Adjustable windows are perfect for widescreen monitors.
