Rechargeable Battery

### PRODUCT DESCRIPTION

The Extreme Connect may be small in size, but the compact system packs a punch for sound from the two front facing full-range speaker drivers and rear facing passive bass radiator. The Extreme Connect is fully portable, with a built-in rechargeable lithium-ion battery that can last up to 10 hours on a 80% volume level. Small and lightweight to take with you while on the go, the Extreme Connect is a neat audio companion for both indoor and outdoor activities and the rubber trim on the top and base panels provide extra protection from bumps and scratches. Connect any Bluetooth enabled device for wireless audio playback or pair with your Smartphone for both audio and answering/ declining/ ending a phone conversation. A pre-loaded mini SD card can also be plugged into the system or a computer for audio. The Extreme connect charges and can stream audio content via the USB cable. Play/ pause, volume adjustment, audio input election buttons and the phone call answer/ decline/ end button is conveniently located on the top of the unit, while the power switch, micro SD card, Aux and USB port is located on the side of the unit.

### FEATURES

- Bluetooth pairing capability with Bluetooth enabled devices with A2DP and AVRCA profile support within a distance of 10m (30ft)
- 3.5mm auxiliary input port for versatile connectivity to external devices
- Micro SD card port and USB audio streaming options also available (MP3 and WMA files)

- Built-in 1400mAh rechargeable lithium-ion battery with up to 10 hours depending on use
- Soft carrying bag included.

### SPECIFICATIONS

Power output:	RMS 2W×2 (THD+N=10%, f0=1KHz)
Signal to noise ratio:	≥85 dBA
Frequency response:	190Hz~18KHz (@+/-6db)
Input sensitivity:	500mV ± 50mV (THD+N=1%)
Adjustment:	Buttons on the top of speaker
Input type:	Bluetooth/Micro SD/USB audio/AUX (3.5mm stereo)
Micro SD card specification:	
MAX capacity:	32GB
Disk Format:	FAT32
Folder depth:	7 classes
File format:	MP3/WMA
Bluetooth Specification:	
Version:	V2.1+ EDR
Supported profiles:	A2DP, AVRCP
Max range:	10M or 30FT
Speaker Specification:	
Active drivers:	2 × 1¼ inch (48mm), magnetically shielded, 4ohm
Passive driver:	50mm × 90mm
Product Dimension:	159.4(W) × 61(H) × 42(D) mm
