Introducing **STORM**

Bluetooth® 4.0 Speaker

 **Bluetooth™ 4.0**

Hey!, Bluetooth® 4.0
= is superior transmission standard

Introducing **STORM**

Bluetooth® 4.0 Speaker

Moo's STORM main selling points

Great compact Bluetooth 4.0 speaker, with superb sound quality for its very comfortable size and generous price.

The Bluetooth 4.0 chipset is so much better to the more normally use 2.1 or 3.0 version of Bluetooth used by our competitors.

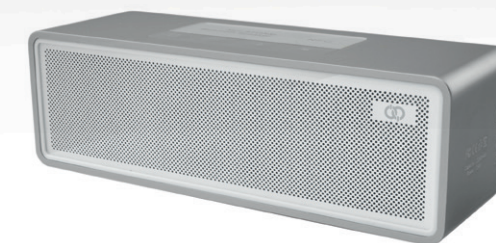

Fantastic transmission combined with premium component delivers an astonishing sound quality. Including the stylish design and excellent battery life this creates a product with unmatched value - Enjoy!
