Bluetooth® 4.1 Speaker

 **Bluetooth™ 4.1**

*Hey!, Bluetooth® 4.1
= is the best transmission standard*

Introducing **ORKAN**

Bluetooth® 4.1 Speaker

Moo's ORKAN main selling points

ORKAN which means hurricane in Swedish, and it for sure lives up to its name with its Bluetooth 4.1 chipset, with perfect connection, an astonishing sound quality with no distortion.

ORKAN really stands out against products with similar performance with its stylish design, premium leather cover, practical charge port on the back, excellent battery life and very user friendly. Everything to a surprisingly and unbeatable price - Enjoy!
