Pinnacle Studio HD Ultimate Collection
Make Movies Like a Pro—with Technology Trusted by Hollywood
Includes green screen, complete effects suite, Dolby 5.1, and Blu-ray authoring

Created by Avid®, the world leader in professional audio and video creation technology, Pinnacle Studio™ HD Ultimate Collection v.15 makes it easy to edit like a pro with intuitive new features, ultra-fast performance, and a massive content collection. Quickly import videos and photos from a wide range of devices—then edit scenes and create professional-looking HD movies with over 2200 effects, titles, transitions, and other content. The included green screen even makes it possible to create exciting chroma-key effects. You can use the Motion Titler to create sophisticated animated titles, and add stunning Dolby Digital 5.1 surround sound. Then export complete projects to today's most popular formats—or burn them to Blu-ray or DVD—and share them with the world. The unique new Archive/Restore tool conveniently preserves your work.

Professional Red Giant Plug-in Package

With the Red Giant plug-in package, you can enhance your productions with the same visual effects used in blockbuster Hollywood movies. Amaze your audience with light and lens flares, turn video into animation, apply 3D light-ray, smoke, explosion, and rain effects—and much more.

New in Pinnacle Studio v.15

Archive/Restore Tool

The new Archive/Restore tool lets you store all project data to an external hardware drive or other backup media. This makes it easy to transfer your projects to a different computer—or restore your data if your system ever fails.

Enhanced Performance

Studio v.15 makes it easier to work with all your favorite formats than ever before. You'll enjoy fast performance with the popular AVCHD format (found in most camcorders and digital still cameras), H.264-based formats, and more.
