INTRODUCTION

RECentral 2 is your best companion in recording, streaming, and sharing gameplays using AVerMedia's Live Gamer capture & stream boxes.

Download & Install

Download the installation file from q.avermedia.com/recentral2 and install RECentral 2 to your computer. Please replug your Live Gamer or restart your computer after installation.

For hardware connections, please refer to the installation manual packed with your Live Gamer capture & stream box.

RECentral 2

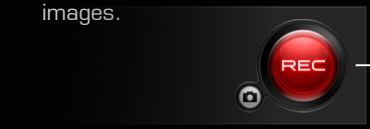
INTERFACE

This is RECentral 2's interface:

1	Mode Dial	Switches between modes
2	Option Panel	Options and menus
3	Main View	Video preview and detailed settings
4	Dashboard	Information and action buttons

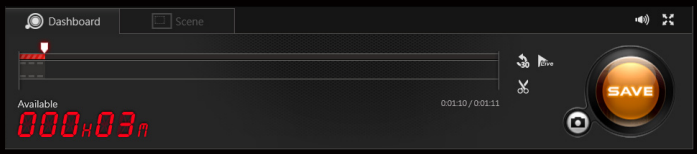
RECORD

1. Click ● on the Mode Dial to switch to Capture / Stream mode.
2. Select your input source and video/ audio options.
3. Select a Recording Quality.
4. Type in a Game Genre. Your recordings will be organized by their Game Genres.
5. Tick this checkbox if you want to enable Live Editing. See the next section for more details.
6. Click the REC button to start recording. Click ● to capture images.



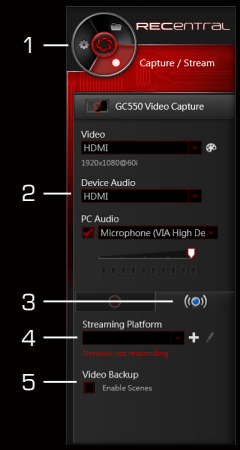
Live Editing

Once enabled, video feed will be cached to your hard disk. When your hard disk is full, the oldest cached footage will be overwritten. You can trim and merge the cached footage. Click the SAVE button to export your video.



STREAM

1. Click ● on the Mode Dial to switch to Capture / Stream mode.
2. Check your input source and video/ audio options.
3. Click on the Stream tab.
4. Select a Streaming Platform, or click ✚ to add one.
5. Tick the checkbox if you want to keep a copy of the video.
6. Click the STREAM button to start streaming.



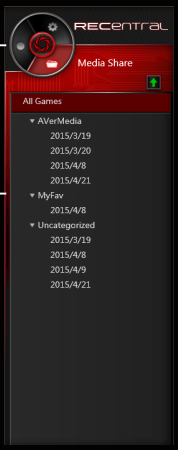
Scenes

Scenes are different arrangements of on-screen elements (including the source video, your webcam's view, and images). When enabled, you may select from a number of pre-arranged scenes, or create ones that match your occasions.

1. Click on the Scene tab.
2. Click the switch to enable Scenes.
3. Click to select a scene to apply to your video, or
4. Click ⊕ to create a new scene.

BROWSE & SHARE

1. Click on the Mode Dial to switch to Media Share mode.
2. Browse to your video by its Game Genre and capture date.
3. Click to select, or double-click to play a video.
4. Click the SHARE button to share the selected videos to your social network accounts.



SETTINGS

1. Click ⚙ on the Mode Dial to switch to Settings mode.
2. Select a menu. Refer to the table below for the settings available in each menu.
