

Logitech®  
**X-540**

Immerse yourself in the game with the outstanding surround sound of Logitech's X-540 speaker system. Dual driver satellites use FDD2™ technology to eliminate uneven response created by conventional dual driver designs and matrix mode creates 5.1 surround sound from 2-channel sources. An innovative centre channel speaker clips onto the top of most flat-panel LCD monitors. The ported subwoofer features dynamic, real-time equalization that maximizes bass while minimizing distortion. The X-540 also features a convenient control pod with volume and subwoofer level controls, as well as a headphone jack for private listening. Satellite stands rotate for easy wall mounting.

**PC | CD | MP3 | DVD | PlayStation® | Xbox®**

### Benefits

- Frequency Directed Dual Driver (FDD2) technology produces a uniform soundfield anywhere in the room
- Create 5.1 surround sound from common 2-channel stereo sources with Matrix mode
- Centre channel speaker fits most flat-panel LCD monitors
- Satellite speaker stands rotate for easy wall mounting
- Dynamic, real-time bass equalisation maximizes bass response while minimizing distortion
- High excursion, ported, down-firing subwoofer displaces more air for deeper bass
- Master volume, subwoofer level and matrix button are all conveniently placed on the control centre
- Connect headphones to enjoy your games and music privately
- 2 year guarantee
- Full product support
