

steelseries SPECTRUM 4XB GAMING HEADSET

Description

The SteelSeries Spectrum 4xb is the entry-level, wired headset designed for Xbox 360® gamers. The lightweight headset features XL-sized, cloth covered foam ear cushions that fit around the ear, offering players a comfortable audio experience while reducing background noise. The circumaural design enhances the gaming experience through carefully adjusted sound reproduction. Its retractable, unidirectional microphone presents users with adjustable, convenient, and clear voice communication for Xbox LIVE®. The SteelSeries Spectrum AudioMixer connects the SteelSeries Spectrum 4xb to the Xbox 360® and provides new features intended to enhance the gamers audio experience, including:

- Easy access to independent audio and voice controls provides players with complete and intuitive control of volume levels for in-game audio and Xbox LIVE® communication.
- SteelSeries LiveMix offers players the quick-button option to improve the balance of Xbox LIVE® chat and in-game audio, so that voice communication is mixed and amplified over the sounds of gunfire and explosions, without having to increase the volume of the headset and risk hearing damage.

Product Features

- * Comfortable XL-sized, hear-through cloth ear cushions
- * Optimized soundscape for gaming
- * Retractable, unidirectional microphone system
- * SteelSeries Spectrum AudioMixer connects to and links the headsets to the console
- * Easy access to independent volume controls for the microphone and in-game audio
- * SteelSeries LiveMix, for optimal Xbox LIVE® chat and in-game audio
- * 3.5mm mini jacks and RCA connectors for Xbox 360® and PC

**Please note compatibility of PlayStation and Wii is for in-game audio only*
