

Logitech®
ChillStream™

Logitech®'s ChillStream™ technology helps keep your hands cool when gaming gets really intense. The patented fan assisted active cooling system provides three speed settings that allow you to adjust the ventilation force to meet your hand cooling needs. The Logitech® ChillStream controller for PC works with Window's Vista as a common controller to provide you with immediate and consistent gaming fun. This precision D-pad has 'sleep' and 'wake-up' modes and provides extra comfort with its rubber grips. No matter what you play, or how you game, ChillStream™ lets you play longer, play harder, play cooler!

Benefits

- Experience Logitech's ChillStream™ "Active Cooling" technology
- Fans channel air through the controller to cool the user's hands
- 3-speed setting variable cooling
- V-shaped airflow guides provide continuous, channeled ventilation
- Sleep and wake-up modes
