TOASTIT
pour femme

Pimp up the card reader was the mission our design team successfully completed!

The **Toastit**™ is the first 7-in-1 memory card reader that has a key focus on design combined with A+ components to ensure the highest possible quality during the up- and downloading of your valuable digital documents.

The **Toastit**™ delivers high speed data transfer and compatibility with almost all memory cards. The retro designed memory toasting **Toastit**™ is the best and most unique card reader in the market.

Key features of the **Toastit**™:

- Retro design 7 in 1 memory card reader, USB 2.0 (actual number 27 in 1)
- High speed data transfer (480 Mbps on USB 2.0)
- Plug & Play, no software required
- Self-powered USB card reader, no adapter required
- Compatible with Memory Stick (MS, MS Pro, MS Duo, MS Pro Duo, MS Pro Ultra II, MS Magic Gate, MS Pro Magic Gate, MS Duo Magic Gate, MS Pro Duo Magic Gate, MS Memory Select Function, MS ROM, MS Pro Duo Ultra II, MS Pro Extreme), MultiMedia Card (MMC, MMC 4.0, RS-MMC, RS-MMC 4.0), Secure Digital (SD, mini SD, SD Ultra II, SD Extreme), xD memory cards, Compact Flash type I & II (CF I, CF II, CF I Ultra II, CF I Extreme) and Microdrive
- Detachable magnetically shielded USB 2.0 cable included (0,7m)
- Ideal for travelling purposes as well as home use
