## SIBERIA

### NECKBAND HEADSET

#### Product Description

SteelSeries Siberia Neckband has been redesigned in cooperation with Apple® to offer a unique and comfortable headset for, iPad™, iPhone®, as well as iPod Touch®, iPod Nano®, and iPod Shuffle® users. Fine-tuned with the help of professional gamers, DJs and musicians, the SteelSeries Siberia Neckband for Apple provides an optimized soundscape for music with high, low and mid-tones and amplified bass levels. The retractable, unidirectional microphone can be used during phone calls and can be easily hidden in the left earcup when not in use. Audio and voice volume control can be found on the headsets cord for easy access.

#### Special Features

- \* Original behind-the-neck design
- \* Professional sound quality for music, movies, and games
- \* Full-size, cloth covered foam ear cups
- \* Retractable, unidirectional microphone
- \* 3.5mm jack plugs directly into your Apple device
- \* In-line remote control for play / pause / answer calls / fast forward / volume up and down
