VAYPER

Beyond featherweight, the VAYPER, sports ultra-slim temples, single piece front design, and interchangeable Sockets™. With smooth styling and a wider fit, this frame disappears the instant you slip it on. Adjustable silicone nose pads and structural flexibility give the frame an ability to adapt to any face. Durability comes from high tensile, low carbon steel and polymer injected components. With the VAYPER, you won't err.

KEY FEATURES

- Adjustable silicone nose pads provide a customizable fit;
- Fastener free hinge design and high tensile steel construction create incredible durability;
- Gently curved temples provide necessary retention to keep eyewear in place;
- Ultra slim temples distribute headphone pressure to ensure headset compatibility;
- Interchangeable sockets create endless design and customization options;
- One piece front construction eliminates all welds, screws and other potential points of failure;
- Flexible temples conform and ergonomically fit a wide range of head and face shapes;
- Wide format lenses create a panoramic viewing field for high resolution viewing.
