### MODEL NUMBERS:

JU-SLATE-5KLI

The Jumpr Slate 5k-L is an incredibly slim 5,100 mAh battery that is perfect for placing in a binder or folder to charge your Apple products. In addition, it's rubberized, durable feel gives the user a sense of security and the Slate 5K's tethered Lightning cable makes it easy to plug in and charge your iPod, iPhone, or iPad when you're in a power pinch.
