INFORMATION

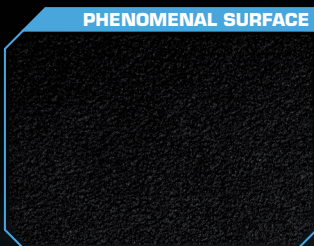

Thanks to its one-of-a-kind vulcanized silicone surface, the **ROCCAT™ Hiro** – 3D Supremacy Surface Gaming Mousepad ensures supreme levels of sensor acceleration and accuracy – for a new level of command capability that helps you and your mouse take charge of every fight. The Hiro also features some of the most advanced construction ever found in a gaming pad – including smooth, rounded edges that won't fray and a heavy, ultra-robust build – giving you a mega-durable gaming platform designed to last.

NO-FRAY EDGES

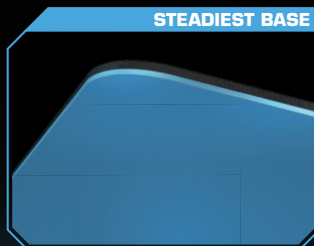

A power-bonded construction of upper and lower surfaces ensures edges are smooth, rounded – and won't ever fray.

PHENOMENAL SURFACE

The exclusive 3D vulcanized silicone surface delivers max speed and control on both x and y axis – for insane command performance.

STADIEST BASE

A non-slip, shock-absorbing rubber base delivers a wonderfully secure and comfortable command platform.

FEATURES

- Vulcanized silicone surface with complex 3D structure for total speed & control superiority
- Power-bonded construction for smooth, rounded edges that won't fray
- Covert-Tech surface treatment for ultra-quiet gliding
- Non-slip, shock-absorbing rubber base for the steadiest command platform & longest battle comfort
- Force Field protective coating – water- and grime- resistant & easy to clean
