

# Sonata Plus

Sonata Family

## Quiet Computing™ with more power

The Sonata Plus features the NeoPower 550 modular power supply unit (PSU) giving it the most juice in a Sonata case. You won't hear it though because sound-deadening panels and a user-selectable, 3-speed 120mm case fan provide optimum cooling and whisper-quiet operation. With new High Definition front audio ports it's crystal clear when it comes to producing the sound you want to hear. In today's age of multimedia, data requirements have swelled. That is why the Sonata Plus comes with USB 2.0 and IEEE 1394 (FireWire®, iLink®) connectors on the front of the case for convenient data transfer. The NeoPower™ PSU is equipped with universal input and Active PFC so it will work anywhere in the world. The Sonata Plus is the perfect combination of style, silence and efficiency.

### Special Features:

- Side panels layered with sound-deadening high-density polycarbonate to dampen noise and vibration
- Enhanced Cooling System for improved air intake and quieter cooling
  - 1 x 120mm TriCool™ rear exhaust fan (installed)
  - 2 x 92mm front fan mounts to cool the HDD
- Antec TriCool™ fan with 3-speed control allow you to optimize the cooling configuration and control the noise level.
- Built-in washable air filter keeps harmful dust out of your computer
- Ultra-quiet, high-efficiency 550 Watt NeoPower™ power supply
  - Advanced cable management reduces system clutter and improves airflow
  - Universal input and Active PFC
  - Up to 85% efficient reduces power consumption and saves you money
- Integrated cable organisers help keep your system neat
- Dual hard drive mounting system – two ways to mount your hard drives for best possible quiet operation
  - Tray Mount – Four trays with extra soft silicone grommets to reduce hard drive noise
  - Suspension Mount – Three sets of elastic suspenders to suspend hard drives in the cage to maximize noise reduction
- Eight drive bays (or seven with suspension mount of HDD) for maximum expandability
  - External 3 x 5.25"; 1 x 3.5"
  - Internal 4 x 3.5" for HDD or 3 x 3.5" with HDD suspension
- Side rails and individual drive trays allow easy installation of all drives
- Silicone grommets on internal 3.5" trays reduce vibration and noise
- Front-mounted ports for easy multimedia connections
  - 2 x USB 2.0
  - 1 x IEEE 1394 (FireWire®, i.Link®)
  - Audio In and Out (High Definition and AC'97 compatible)
- Removable side panel with easy-access thumb screws
- Removable front bezel for easy access to drive bays
- Blue LEDs on front for Power On and HD indicators
- Motherboard: Fits micro and standard ATX
- Dimensions: 16.7"(H) x 8.1"(W) x 18.2"(D)  
42.4cm (H) x 20.5cm (W) x 46.2cm (D)
- Net Weight: 20.6 lb/ 12.05 kg
- Gross Weight: 30.1 lb/ 13.63 kg
