# Introduction

■ Model Number: RC-922M-KKNI-GP

Following the success of the full tower HAF 932, Cooler Master extends the line to a mid tower with the HAF 922. It has a rugged strong appearance and outstanding protection designs that characterize a beast yet to be tamed. Without a doubt this mid tower has it all! It accommodates all sorts of high-end hardware from its spacious interior, and supports up to three 200 mm fans for maximum airflow at minimum noise. This mid tower chassis represents a disorderly collision of machine and beastly

# Part Number

Part number	Description	EAN code	UPC code
RC-922M-KKN1-GP	Standard Version	4719512015216	884102004766
RC-922M-KWN1-GP	Side Window Version	4719512015223	884102004773

### **Superior Cooling Performance**

Extreme cooling performance that supports up to seven cooling fans overall, including three 200x30 mm fans at minimum noise. Spacious interior can accommodate radiator for liquid cooling system and high-end hardware.

#### **User Friendly**

- Extreme airflow, uncompromising cooling performance, ruggedly strong with outstanding protection
- Acommodates demanding high-end components including full length graphics cards
- CPU cooler retaining hole design for quick CPU cooler installation
- LED ON/OFF switch for front 200 x 30 mm fan
- Patented button design for easy maintenance of 5.25" drive devices
- PSU bottom fan can be setup facing up or down to increase airflow through out the case

### Cable Management System

The cable management for HAF 922 is able to support the cables whilst being routed through the chassis from device A to B, the motherboard tray includes cable access openings which cables can routed in or out from the chassis, also to prevent causing damage for cables/components.

Top fan

4 Side fan

# Product Highlights

## **Cooling Performance**

■ 200×30mm fans x 2 (included) for maximum airflow and also supports up to 200x30mm fans x 3

■ Extreme airflow, uncompromising cooling performance, ruggedly strong

■ Side fan supports 200x30 mm (19dBA) fan

## **Support Liquid Cooling**

■ Spacious interior accommodates with the radiator

■ Rear retaining hole for liquid cooling kit

## **Cable Management System**

■ Includes cable management and CPU retaining hole for easy customizability

■ High-end CPU cooler

■ High-end PSU

## **Spacious Interior**

■ Accommodates demanding high-end components including full length graphics cards

### **Tool Free Installation**

■ Tool free for 5.25" device

■ Tool free for 3.5" device

■ Tool free for add-on cards
