ISK-100
ISK SERIES

Going small shouldn't mean sacrificing cooling, performance or looks. The ISK100 was built for small, efficient builds without compromises. Just 70 mm wide and mounted on a stable clip-on base, it still fits two 2.5" drive bays – perfect for internal SSDs. Perforated mesh construction and a side-mounted 100 mm two speed fan provide just the right amount of quiet cooling capability for efficient SFF hardware. An incredibly small yet powerful 90 watt adapter completes the package, providing power with Energy Star Level 5-qualified efficiency. Ideal for family and friend builds, kiosks, embedded and automotive applications, the ISK100 is a miniscule case solution with massive features.

SPECIFICATIONS:

- **2 x 2.5" internal drive bays**
- **ABS plastic/0.8 mm SECC construction**
- **Special extruded housing for fan**
- **Includes standard case lock slot for integrated anti-theft protection**
- **Stand included**
- **No expansion slots**
- **Cooling system**
  - Side 100 mm two speed fan with switch controls
- **Front ports**
  - 4 x USB 2.0
  - HDA/AC'97-compatible audio in/out
- **Motherboard compatibility**: Mini-ITX only
- **Includes 90 watt internal adapter**
  - Energy Star Level 5 qualified
  - 80 watt DC-to-ATX PCB mounted directly inside case – up to 92% efficient
  - Universal Input – works on any 100V – 240V electrical grid
- **Dimensions**: 220 mm (H) x 70 mm (W) x 210 mm (D)
  - 8.7" (H) x 3.8" (W) x 8.3" (D)
- **Net Weight**: 2.59 lbs (1.17 kg)
- **Gross Weight**: Approx. 3 lb (1.36 kg)
