

A server case that's just the right size

The new, smaller sibling to the Titan 650, the Atlas case continues to meet the needs of today's server and workstation markets. Front accessible HDD installation, a 120mm TriCool™ exhaust fan & two front 92mm fan mounts and a TruePower Trio 550W power supply make building, upgrading and accessing a breeze. An ideal case for professional system builders and power users building a sturdy server.
