

Going small shouldn't mean sacrificing form or function. The ISK110 VESA is crafted for small, efficient builds without compromises. Just 78 mm wide and mounted on a stable clip-on base or included VESA mount, it fits two 2.5" drive bays – perfect for internal SSDs. Perforated mesh construction and space for a low-profile CPU cooler provide an ample amount of quiet cooling capability. An incredibly small yet powerful 90 watt adapter completes the package, providing power with up to 92% efficiency. Ideal for corporate builds, kiosks and digital signage, the ISK110 VESA is a miniscule case solution with massive features.

### SPECIFICATIONS:

- VESA mount included
- 2 x 2.5" internal drive bays
- ABS plastic / 0.8 mm SECC construction
- Includes standard case lock slot for integrated anti-theft protection
- Front ports
  - 4 x USB 2.0
  - HDA/AC'97-compatible audio in/out
- Motherboard compatibility: Mini-ITX only
- Includes 90 watt external adapter
  - Efficiency: up to 92%
  - DC-to-ATX PCB mounted directly inside case
  - Universal Input – works on any 100V – 240V electrical grid
- No expansion slots
- Dimensions (chassis only):
  - 8.7" (H) x 3.1" (W) x 8.4" (D)
  - 222 mm (H) x 78 mm (W) x 212 mm (D)
- Dimensions (with VESA):
  - 8.9" (H) x 3.4" (W) x 8.4" (D)
  - 226 mm (H) x 85 mm (W) x 212 mm (D)
- Packaging Dimensions:
  - 10.2" (H) x 4.9" (W) x 13.4" (D)
  - 260 mm (H) x 125 mm (W) x 340 mm (D)
- Net Weight: 2.9 lbs (1.3 kg)
- Gross Weight: 4.9 lbs (2.2 kg)
