# Sanctuary<sup>4</sup>™

A POWER NAP FOR YOUR DEVICES

# MORE POWERFUL THAN EVER.

Reengineered with a super-powerful 4-amp charger, Sanctuary<sup>4</sup> gives you ample power to quickly charge up to 4 devices at once.

## CUSTOMIZABLE CONNECTIVITY

BYOC – meaning you *Bring Your Own Cables*. Sanctuary<sup>4</sup> includes 4 USB ports for your choice of connector configurations. One Micro USB cable comes with each Sanctuary<sup>4</sup> for your convenience.

## TABLETS WELCOME

Broad-spectrum chargers often leave tablets out to charge on their own. Sanctuary<sup>4</sup> is designed with a discreet, versatile, angle-adjustable tablet stand built in, giving you a dedicated space to charge your tablet alongside your other devices, all in one place.

## TIMELESS

As devices and their associated charging cables come and go, Sanctuary<sup>4</sup> can be updated with a simple switch of the cords to keep up with your charging needs.

## COLORS

Sanctuary<sup>4</sup> is available in Black and White.
