

devolo Home Control

Key-Fob Switch

The smart home controller for your trouser pocket.

With the **Key-Fob Switch**, you always have your smart home on hand. Whether you want to switch your device groups on or off at the touch of a button or transfer your entire house to night mode – the devolo Key-Fob Switch makes it possible.

devolo Home Control

Key-Fob Switch

Product features:

- Four programmable buttons for operating selected Home Control components, e.g. switching all lighting on/off or switching the heat on/off.
- Easily control individual Home Control components, groups or scenarios at the touch of a button.
- As compact and lightweight as a regular car key.
- Control your Smart Home from a distance of up to 100 metres (328 ft.).
- Protection against unintentionally pressing a button.
- Easily programmable via an app or on the computer.
- Child-safety features can be activated.
- Individually expandable at any time with other devolo Home Control components.
- Future-proofed thanks to standardised Z-Wave® wireless technology.
- 3-year manufacturer's warranty.

Application example:

if someone presses the Key-Fob Switch

then the Smart Metering Plug switches lamp(s) off

and the Radiator Thermostat turns the radiator down.

Key-Fob Switch UK
Art. no.: 09506
