

ICY BOX IB-AC642

Adapter for 2.5" SSD/HDD Laptop Extension

Key features

- Laptop solution for standard 12.7 mm DVD slot to 2.5" SSD or HDD
- Replace with SSD to increase OS speed
- Replace with HDD for notebook expansion
- Hot Swap SATA interface – removable backup solution
- Two colour LED to display power and HDD access
- For external solution the device or removed DVD drive can be installed into the slim DVD enclosure

+ Slim DVD enclosure with USB 2.0 interface

Assembling of the removed DVD drive into the slim DVD enclosure

Now, the DVD drive is useable as an external solution by connecting via USB 2.0

Technical data

Model	IB-AC642
Article No.	70642
EAN code	4250078186007
Brand	ICY BOX
Article text	Adapter for 2.5" HDD/SSD Laptop Extension
Colour	Black
Material	Plastic (adapter + front panel), Aluminium (enclosure)
Required space	Standard 12.7 mm DVD slot
HDD size	1x 2.5" (6.35 cm)
HDD interface	1x SATA
HDD capacity	No limit
Hot Swap	Yes
Plug & Play	Yes
External data interface	1x SATA (adapter), 1x USB 2.0 (enclosure)
LED	Power and HDD access
Transfer rate	SATA up to 3 Gbit/s (adapter), USB 2.0 up to 480 Mbit/s (enclosure)

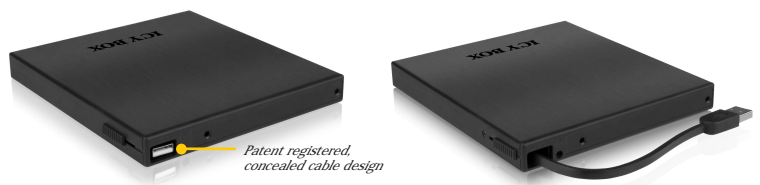

Expand Your Opportunities!

Have you ever wished you could put an SSD or 2nd HDD in your laptop, because you are feeling that the boot times and data access becomes more and more slowly or you have realized that you have far too much data to fit on your 1st regular HDD inside your laptop?

By putting an IB-AC642 in your optical bay, you can add a SSD or second hard drive to your computer.

Adding a solid state drive to your system can make it significantly faster, from decimating the boot times to speeding up application launch and data access or storing all of your large files on a 2nd regular hard drive.

Laptops rarely have a second HDD bay though. Fortunately, with an IB-AC642, you can add a second drive to your computer easily. With flash drives, online streaming video, and downloadable software installs becoming more popular, many users find themselves using the CD/DVD drive less and less, so replacing it with an SSD or 2nd HDD can be a good investment. Furthermore, in the rare cases that you do need access to optical media; you can always plug in your old DVD drive externally by using the enclosed external aluminium DVD-Enclosure via USB 2.0 with your computer.

Packing content: 1x IB-AC642 contains adapter, front panel and external slim DVD enclosure

Logistical data

Packing unit:	20 pcs./carton	Dimension / carton:	375x335x355 mm	Import tax: 84733080
Total weight:	8.4 kg/carton	Dimension (incl. packing):	170x181x62 mm	
Gross weight (inc. packing):	0.368 kg	Dimension from article:	12.7x129x128 mm	
Net weight:	0.230 kg	Country of origin:	China
