Full HD LCD monitor

The 1920 x 1080 resolution of this LCD monitor delivers excellent detail, making it perfect for advanced Full HD gaming, multimedia and productivity applications.

Dependable functionality

This monitor complies with the latest Windows® 7 operating systems; has undergone rigorous durability testing; and adheres to high safety standards to ensure reliability and comfortable viewing.

Acer Adaptive Contrast Management

Up to 80,000:1 dynamic contrast ratio — Advanced technology enables dynamic improvement of gradation and detail, especially in dimmer and brighter scenes, for stunning picture quality.

HDMI® with HDCP support

HDMI delivers exceptional high-definition viewing and gives the best –quality uncompressed video.

About Acer

Since its founding in 1976, Acer has achieved the goal of breaking the barriers between people and technology. Globally, Acer ranks No. 2 for notebook PCs.¹ A profitable and sustainable Channel Business Model is instrumental to the company's continuing growth, while its multi-brand approach integrates Acer, Gateway, Packard Bell, and eMachines brands in worldwide markets. Acer designs environmentally friendly products and has established a green supply chain through collaboration with suppliers. Acer is proud to be a Worldwide Partner of the Olympic Movement, including supporting the Vancouver 2010 Olympic Winter Games and London 2012 Olympic Games. The Acer Group employs 8,000 people worldwide. Revenues for 2010 reached US\$19.9 billion. Visit www.acer-group.com for more information.
