

Linksys WUMC710 | Wireless-AC Universal Media Connector

Connect your entertainment devices wirelessly with speeds approximately 3 x faster than Wireless-N. Ideal for 3D/HD video and media streaming. For optimal performance, pair with a Wireless-AC router like the Linksys Smart Wi-Fi Router EA6500.

Ideal for:

- 3D/HD video and HD media streaming
- Connecting multiple home theater or home office devices
- Making wired devices wireless

Key features:*

- Latest Draft 802.11ac Wireless Technology
- Ultimate Speeds- Up to 1300 Mbps*
- Backward Compatible with Dual-Band Wireless-N routers
- Four Gigabit ports
- Quality of Service (QoS) for smooth streaming performance
- Wi-Fi Protected Setup**

Linksys WUMC710 | Wireless-AC Universal Media Connector

Wireless AC technology

The WUMC710 is the first Linksys Media Connector offering AC technology for fast video and media streaming. Connect your entertainment devices at transfer rates up to 450 + 1300 Mbps speed for a premium home network experience.

Selectable Dual-Band

Select the right band (2.4 or 5 GHz) to help avoid interference and maximise throughput. Ideal for HD video streaming, high speed file transfers and wireless gaming.

Benefits of Gigabit

Use the four Gigabit ports to connect devices at speeds 10x faster than standard Ethernet.

Optimised for entertainment

Bring the ultimate entertainment experience to your living room by connecting your Smart TV, Blu-ray player, game console and other devices to the Internet. The integrated media prioritization technology helps to prioritise video and other media files.

Linksys EA6500

Linksys WUMC710

MINIMUM SYSTEM REQUIREMENTS

Wireless Existing Wireless-AC, dual-band N or A wireless router or access point

Ethernet Port Active Ethernet port on device to be connected

Web Browser Internet Explorer 8, Safari 5 (for Mac), Chrome, or Firefox 8 or higher for optimal browser-based configuration

HD/3D Video Streaming Requires a minimum of 100 Mbps transfer speed. Actual performance may vary

PACKAGE CONTENTS

- Linksys WUMC710 Wireless-AC Universal Media Connector
- CD-ROM with Documentation Resources
- Quick Installation Guide
- Ethernet Cable
- Power Adapter

TECHNICAL SPECIFICATIONS

Model	WUMC710
Technology	802.11n (2.4Ghz) & 802.11ac (5Ghz)
Bands	Selectable 2.4 GHz and 5 Ghz
Transmit/receive	2 x 2
Antennas	3 Internal
Ports x speed	4 x Gigabit
Package dimensions (w x h x d)	23.7 x 15.7 x 8.1 cm
Product dimensions (w x h x d)	17.7 x 12.8 x 6.8 cm
Product weight	0,269 kg
Warranty	2 year hardware limited warranty

WUMC710-EU

Connect your future

linksys.com

*Maximum Performance derived from IEEE Standard 802.11 specifications (draft specifications for 802.11ac). Actual performance can vary, including lower wireless network capacity, data throughput rate, range and coverage. Performance depends upon many factors, conditions and variables, including products used, interference and other adverse conditions. 802.11ac 1300 Mbps in the 5GHz Band is approximately 3 x faster than 802.11n 450 Mbps in the 2.4GHz Band. An 802.11ac adapter will be needed to achieve 11ac data rates and up to 1300 Mbps wireless speeds may be achieved when connecting to other 802.11ac 1300 Mbps devices.

**Secure push-button setup works with devices that support Wi-Fi Protected Setup™ like Cisco Linksys E-Series routers and others.
